

I Metalli series_

/ Textures brillantes qui libèrent de la chaleur et de la brillance et renvoient à des techniques traditionnelles de traitement de matières fondamentales comme le fer, le laiton, le cuivre et le bronze.

/ Glossy textures that radiate warmth and gloss, and are reminiscent of traditional production techniques and primitive materials such as iron, brass, copper and bronze.

Couleurs disponibles / Available colours

Pour la gamme complète des collections et les spécifications techniques, voir p. 190 / For a complete series guide and technical details p. 190.

Les tons des échantillons sont uniquement indicatifs / Sample colours are considered indicative.
